

Dear 

DECISION ON YOUR ACCESS APPLICATION

I refer to your application under section 30 of the *Freedom of Information Act 2016* (FOI Act), received by Canberra Health Services (CHS) on **15 July 2023**.

This application requested access to:

'Any documents and correspondence held by any relevant ACT government health agencies or ministers, including ACT Health and the office of the Minister for Mental Health Emma Davidson, regarding an incident where a patient at the Dhulwa Secure Mental Health Unit was accused of threatening to throw hot coffee on a nurse.'

I am an Information Officer appointed by the Chief Executive Officer of Canberra Health Services (CHS) under section 18 of the FOI Act to deal with access applications made under Part 5 of the Act. CHS was required to provide a decision on your access application by **11 August 2023**.

Decision on Access

I have decided to refuse to confirm or deny the existence of the requested government information under section 35(1)(e) of the Act. I have decided that the information, if it did exist, would be personal health information under the *Health Records (Privacy and Access) Act 1997* and would not be able to be provided in accordance with section 12 of the Act. Section 12 of the FOI Act specifies that the Act does not apply to information in a health record as defined by the *Health Records (Privacy and Access) Act 1997* (the HR Act). There is information in each report that has been redacted as it constitutes a health record.

The HR Act defines a health record as any record containing personal health information. The HR Act defines personal health information as 'any personal information (a) relating to the health, an illness or a disability of the consumer; or (b) collected by a health service provider in relation to the health, an illness, or a disability of the consumer.' A 'consumer' is defined broadly and includes any individual who uses, or has used, a health service.

In reaching my access decision, I have taken the following into account:

- The FOI Act;
- The types of the documents that may fall within the scope of your request; and
- The *Health Records (Privacy and Access) Act 1997*.
