PAGE 2: General Information

Q1: Contact details	
Name	Anonymous
Address	
City/Town	
State/Province	
ZIP/Postal Code	
Country	
Email Address	
Phone Number	
Q2: Do you smoke cigarettes or use a personal vaporiser (e.g. e-cigarette)?	No, I do not smoke cigarettes or use a personal vaporiser
Q3: Have you previously smoked cigarettes?	Yes
Q4: Have you ever used a personal vaporiser?	No - I have no interest

PAGE 3: Options to prevent the uptake of personal vaporisers

Q5: Do you support maintaining the current arrangements governing the promotion and sale of personal vaporisers in the ACT?	Yes
Q6: What do you see as the benefits of maintaining the current arrangements?	Provides maximum consumer choice.
Q7: What do you see as the costs of maintaining the current arrangements?	This should be the least cost because it has least regulation.
Q8: What do you see as the risks of maintaining the current arrangements?	None.

PAGE 4: Options to prevent the uptake of personal vaporisers

Q9: Do you think community education and awareness raising activities would be sufficient to prevent personal vaporiser uptake, particularly by non-smokers, former smokers and young people?	Don't know
--	------------

PAGE 5: Options to prevent the uptake of personal vaporisers

Q10: Do you support the introduction of restrictions on the sale and promotion of personal vaporisers in the ACT?	No
Q11: What do you see as the benefits of introducing restrictions on the sale and promotion of personal vaporisers in the ACT?	None. We need to guard against over regulation of some products but not others.
Q12: What do you see as the costs of introducing such restrictions?	Nothing if you don't do it.
Q13: What do you see as the risks or implementation issues of introducing such restrictions?	I think you will increase their popularity by restricting their availability.

PAGE 6: Options to prevent the uptake of personal vaporisers

Q14: Do you support a ban on the sale of fruit, sweet, confectionery or alcohol flavoured personal vaporisers in the ACT?	Don't know
Q15: What do you see as the benefits of banning the sale of flavoured personal vaporisers in the ACT?	Are we proposing to ban nicotine?
Q16: What do you see as the costs of such a ban?	<i>Respondent skipped this question</i>
Q17: What do you see as the risks or implementation issues of introducing such a ban?	<i>Respondent skipped this question</i>

PAGE 7: Options to prevent the renormalisation of smoking and protect the public from second-hand vapour

Q18: Any comments?

As long as PVs are not effecting others they should not be banned in public places.

PAGE 8: Options to prevent the renormalisation of smoking and protect the public from second-hand vapour

Q19: Do you support prohibiting personal vaporiser use in smoke-free areas?

No

Q20: What do you see as the benefits of prohibiting personal vaporiser use in smoke-free areas?

Respondent skipped this question

Q21: What do you see as the costs of prohibiting personal vaporiser use in smoke-free areas?

Respondent skipped this question

Q22: What do you see as the risks or implementation issues of prohibiting personal vaporiser use in smoke-free areas?

Respondent skipped this question

PAGE 9: Options to prevent the renormalisation of smoking and protect the public from second-hand vapour

Q23: Do you support permitting personal vaporiser use in smoke-free areas?

Yes

Q24: What do you see as the benefits of permitting personal vaporiser use in smoke-free areas?

Respondent skipped this question

Q25: What do you see as the costs of permitting personal vaporiser use in smoke-free areas?

Respondent skipped this question

Q26: What do you see as the risks or implementation issues of permitting personal vaporiser use in smoke-free areas?

Respondent skipped this question

Q27: Do you believe personal vaporiser use should be permitted in all smoke-free areas or only some?

All smoke-free areas

PAGE 10: Additional Comments on Consultation

Q28: Other Comments?

Only that we think about what the principle is behind the legislation. I understand the impact that smoking has on others and the broader community. If PVs do no harm to the individual or community we should ignore them. There are worse "products" masquerading as food that have a more detrimental health impact on the community.

PAGE 11: Publication Consent

Q29: Do you consent for ACT Health to make your submission publicly available?

Yes - I consent to my submission being published anonymously
