**Q26: What do you see as the risks or implementation issues of permitting personal vaporiser use in smoke-free areas?**

Kids think that they are no risk and look cool. May increase kids wanting to use them or start smoking. This is still part of the modelling problem for kids.

**Q27: Do you believe personal vaporiser use should be permitted in all smoke-free areas or only some?**

Some smoke-free areas,

If some, in which areas do you believe the use of personal vaporisers should be permitted and why?

Where there are no children
