Wednesday 9 December 2020

The eighth meeting of the Clinical Leadership Forum (the Forum) was held on Wednesday 9 December 2020.

Members received a progress update from the Culture Review Implementation Branch on the implementation of recommendations from the Independent Review into the Workplace Culture within ACT Public Health Services.

The Forum discussed the importance of improving the integration of health care across the ACT, which it noted is a priority for the ACT Government. The Forum explored options for how it could best contribute to the work of Canberra Health Services and the ACT Health Directorate on this topic, as well as on other areas of priority and importance across the ACT public health system.

The Minister for Health attended the meeting and reiterated her support for the Forum.

The Forum meets bi-monthly. The next meeting is scheduled for 15 February 2021.
