If you require an exemption advise chs.injurymanagement@act.gov.au so you can be registered and provided a Vaccination Exemption form	
For Staff members who are/may be required to perform Exposure Prone Procedures (EPPs) serology testing for blood borne viruses listed below is required. Examples of professions that perform EPPs include surgeons and operating assistants, dentists, obstetricians and midwives, and trauma physicians and nurses. This group includes ALL dental, medical and midwifery students. EPPs are invasive procedures where there is potential for direct contact between the skin (usually finger or thumb of the HCW) and sharp surgical instruments, needles or sharp tissues, spicules of bone or teeth in body cavities or in poorly visualised or confined body sites, including the mouth of the patient. DISEASE SEROLOGY RESULTS OTHER COMMENT Hepatitis B Hepatitis C HCV antibody Virus (HIV) HIV antibody /antigen Virus (HIV)
