

Addendum

Pages 31, 32 and 33 of the *ACT Public Health Services Quarterly Performance Report January to March 2022* have been amended to include an additional footnote, which was removed in error in the original publication.

The amended footnote is as follows:

- (a) Patients may be removed from a particular hospital's elective surgery waiting list for a range of reasons including Patient no longer requiring treatment, received treatment elsewhere, or transferred to another hospital's waitlist.
